Stewart, Ranger and Paul this is a message
that I just received for Tom Caldwell in
VA want to know when you plan to arrive
and some logistics questions.

Greetings from Virginia. Spoke briefly with Doug Smith today. I need to know how many are coming and when if I am to prepare for sanitation etc. Please advise soonest. He said may start arriving Wednesday is that true? Those coming self-contained?

I have another site volunteered by local farmer secluded with space for 100 no problem in campers and tents but no water immediately there. Can fill up camper water tanks close by if needed. Otherwise if that is not acceptable need to know asap.

My place building w/heat for bunkhouse style if troopers have bed rolls. Spigots avail but NOT as secluded STILL need numbers for porta potty order and placement. What is primary: privacy or? Need OPSEC.

Recommend something like U.S.S.
NIMITZ reunion which could be put on
signs and used in comms. Please share
w/Stewart and others. Request advise
asap. Tom

Tentative arrival

1200 hrs

11.12.20

Currently headcount unknown.

Is this same place Ranger we discussed
earlier?

Yes it is. Tom has 30+ acres for us to use and has a friend that has a porta potty business that is happy to help out. I'll let him know time and count as soon as we get it.

Can you give me any insight? I have 2 properties available. One is 100 acres, secluded but just a big empty field that belongs to a friend. My property is smaller 30 acres but we have outbuildings that can be used for bunkhouses if people bring sleeping bags.

Which is what Stewart and you envision?
Either way I gotta order porta potties but
which property?

Let the word go out from this time and this place: you have true friends in Virginia! It was an honor to invest time in a new relationship with a patriot. I love me some Marine! I WILL see you again!
